

## بسمه تعالی

### مختصری از سوابق علمی و تحقیقاتی (Curriculum Vitae)

نام و نام خانوادگی: علیرضا وطن خواه

تاریخ تولد: ۱۳۵۲

شهر محل تولد: اصفهان

مرتبه علمی: دانشیار

رشته: سازه های آبی

محل کار:

آدرس

گروه مهندسی آبیاری و آبادانی

پردیس کشاورزی و منابع طبیعی،

کرج، صندوق پستی ۴۱۱۱

ایران، کدپستی ۳۱۵۸۷-۷۷۸۷۱

تلفن: (داخلی ۱۳۰) ۲۲۴۱۱۱۹ (۰۲۶۱)

آدرس پست الکترونیکی: Email: Alireza\_Vatankhah@yahoo.com

arvatan@ut.ac.ir

### انتشارات:

مقالات منتشر شده در مجلات علمی پژوهشی داخلی:

- 112- **Vatankhah, Ali R.** (2015). Discussion of "Application of Excel Solver for Parameter Estimation of the Nonlinear Muskingum Models" **KSCE Journal of Civil Engineering**, 19(1), 332-336.
- 113- **Vatankhah, Ali R.** (2015). Discussion of "Supercritical Flow Measurement Using a Large Parshall Flume" Journal of Irrigation and Drainage Engineering (**ASCE**), 141(3), 07014041.
- 114- **Vatankhah, Ali R.** and Aghashariatmadari, Z. (2014). Discussion of "Optimal Design of Horizontally Framed Miter Gates" Journal of Waterway, Port, Coastal, and Ocean Engineering. (**ASCE**), 140(5), 07014001.
- 115- **Vatankhah, Ali R.** (2014) Discussion of "Improved Nonlinear Muskingum Model with Variable Exponent Parameter" Journal of Hydrologic Engineering (**ASCE**), 19(10), 07014004.
- 116- **Vatankhah, Ali R.** and Peysokhan P. (2015). Discussion of "Discharge Coefficient Analysis for Triangular Sharp-Crested Weirs Using Low-Speed Photographic Technique" Journal of Irrigation and Drainage Engineering (**ASCE**), 141(8), 07014065.
- 117- **Vatankhah, Ali R.** (2015). Discussion of "Calculating Discharge from Culverts under Inlet Control Using Stage at the Inlet" Journal of Irrigation and Drainage Engineering (**ASCE**), 141(7), 07014058.

- 118- **Vatankhah, Ali R.** (2014). Closure to “Multiple Critical Depth Occurrence in Two-Stage Cross Sections: Effect of Side Slope Change” *Journal of Hydrologic Engineering (ASCE)*, 19(9), 07014002.
- 119- **Vatankhah, Ali R.** (2015). Discussion of “Modified Green-Ampt Infiltration Model for Steady Rainfall” *Journal of Hydrologic Engineering (ASCE)*, 20(4), 07014011.
- 120- **Vatankhah, Ali R.**, Velayati, F. and Azimi, M., (2015). Discussion of “Discharge Characteristics of a Trapezoidal Labyrinth Side Weir with One and Two Cycles in Subcritical Flow” *Journal of Irrigation and Drainage Engineering (ASCE)*, 141(9), 07015003.
- 121- **Vatankhah, Ali R.**, (2015). Discussion of “Diverging Kinematic Wave Flow” *Journal of Irrigation and Drainage Engineering (ASCE)*, 141(8), 07015001.
- 122- **Vatankhah, Ali R.**, (2016). Discussion of “Hydraulic Characteristics of Flow over Sinusoidal Sharp-Crested Weirs” *Journal of Irrigation and Drainage Engineering (ASCE)*, 142(1), 07015031.
- 123- **Vatankhah, Ali R.**, and Khalili-Shayan, H. (2016). Discussion of “Reduction of Flow Separation and Energy Head Losses in Expansions Using a Hump” *Journal of Irrigation and Drainage Engineering (ASCE)*, 142(1), 07015032.
- 124- **Vatankhah, Ali R.** (2015). Discussion of “Inductive Group Method of Data Handling Neural Network Approach to Model Basin Sediment Yield by Vaibhav Garg” *Journal of Hydrologic Engineering (ASCE)*, 20(11), 07015020.
- 125- **Vatankhah, Ali R.** (2015). Closure to “Evaluation of Explicit Numerical Solution Methods of the Muskingum Model” *Journal of Hydrologic Engineering (ASCE)*, 20(8), 07015006.
- 126- **Vatankhah, Ali R.** (2015). Discussion of “Parameter Estimation for the Nonlinear Forms of the Muskingum Model” *Journal of Hydrologic Engineering (ASCE)*, 20(11), 07015018.
- 127- Peysokhan, P., Khalili-Shayan, H., and Vatankhah, A. R. (2016). Discussion of “Stage–Discharge Relationship for an Upstream Inclined Grid with Transversal Bars” by C. Di Stefano, and V. Ferro. *Journal of Irrigation and Drainage Engineering*, 142(8), 07016007.
- 128- **Vatankhah, A. R.** (2017). Discussion of “Physical and Numerical Modeling of Large Headwater Ratios for a 15° Labyrinth Spillway” by Bruce M. Savage, Brian M. Crookston, and Greg S. Paxson. *Journal of Hydraulic Engineering*, 143(9), 07017011.
- 129- **Vatankhah, A. R.** (2017). Discussion of “New Stage-Discharge Equation for the SMBF Flume” by Francesco Giuseppe Carollo, Costanza Di Stefano, Vito Ferro, and Vincenzo Pampalone. *Journal of Irrigation and Drainage Engineering*, 143(8), 07017011.

#### داوری مقالات علمی پژوهشی
